

# Proseminar Software Engineering II

## Organization

Emilia Farcas

[emilia.farcas@cs.uni-salzburg.at](mailto:emilia.farcas@cs.uni-salzburg.at)

CS, University of Salzburg, Austria

# Groups

- Thursday 8-10h, T03 – currently 24 students
- Thursday 17-19h, T01 – currently 24 students
- Language: English
  
- E-mails regarding the PS at: [emilia.farcas@cs.uni-salzburg.at](mailto:emilia.farcas@cs.uni-salzburg.at)
  
- Tutorium: Tuesday 14-16h

# Assignments

- There will be about 10 assignments during the term
- You should do all of them
- A missed assignment could be compensated by a very good presentation or active participation during the class
- Assignments are solved in teams of 2 students

# Presentations

- During each class about 3 teams will present their solutions
- Each team should present about 2-3 times during the term
- Presentations are voluntarily as well as on demand
- For presentation please bring your solution either on USB stick, CD (no floppy!) or preferably your own laptop
- There will also be theoretical questions

# Evaluation

- Each presentation is graded between 1 and 5 points (5 the maximum)
- A missed assignment gets between -1 and -2 points, depending on its difficulty
- Active participation, good answers during a class get +1 point
- The final grade will be an average (e.g., very good for points  $\geq 4.4$ , good for  $[3.2, 4.4)$  etc.)
